17
     In the Claims
18
             Claim 14 is amended.
19
             Claims 1-47 are pending and are listed below as follows:
20
21
                     A method of generating an XML document comprising:
22
             preparing only a portion of an XML document;
23
             sending\said portion to a client; and
24
25
```
